

FOREIGN UNIVERSITY OBLIGATION

Model 1: Franchise Model of Foreign University

Foreign University Obligation

- Eligibility Criteria for admission they will decide.
- They will provide the course material.
- They will validate the quality of Faculty.
- Minimum qualification of Faculty they will decide.
- They will monitor the delivery of curriculum.
- Teacher's trainers to be provided by them on regular intervals.
- Visit of their Faculty for conduct of some part of the program.
- Semester examination they will send us the Question Paper.
- Every evaluation of papers to be done by our faculty as per their guidelines.
- 60% weightage to be given for continuous assessment and 40% for end semester examination.
- They will award the Degree.

IEC University Obligation

- We will provide Infrastructure.
- We will provide faculty.
- We will do marketing & publicity.
- We will admit students.
- We will collect fee.
- We will provide trainees for Faculty Development programme.
- We will deliver the course.
- We will give internal marks.
- We will conduct examination.
- We will arrange for evaluators.
- We will jointly monitor the activity.
- We will arrange for hospitality for their visiting Faculty.

What we need to know

- We need their Academic Regulations.
- We need their Course Structure and material to map with our University Course Structure.
- We need to know their minimum credit requirement for passing their degree
- Equivalence of their degree in India/ Accreditation status if any.

- We need to work out the financials for taking care of our University expenditure.
- How much they would be charging per student, per semester, per year, per examination.
- Total financial burden on students.
- Whether they will support us financially in marketing & publicity of their University.

Advantage to Students

- Student need not go to United Kingdom. However, student will be awarded their degree.
- Opportunity to student after doing their degree for job in United Kingdom.
- We are conducting the entire course here in India and still students have the choice to go to United Kingdom for study at intervals after 2 Years, 3 Years, 3½ Years.
- Based on the preliminary study conducted by our team the suggestive fee for such a course would range between Rs. 2-3 Lacs per annum (£4000 per annum) on a higher side against a fee of £22000 per annum (Rs. 17 Lacs) if a student studies in United Kingdom.
- If the same course from any other reputed educational institute is offered against a cost of Rs. 1-1.5 Lac per annum.
-

Possible Issues

- During the tenure of agreement a student studying at our Institute if any differences arise between IEC and United Kingdom University how to resolve such issues in the benefit of Institute.
- The dropout students enrolled for foreign Universities are to join IEC University program.
- These students are eligible for top-up programmes of IEC to get higher qualifications.
- If at all agreement has to be terminated before the completion of course by all admitted students, in that case IEC University has to take the responsibility of completing the study and award of degree to already admitted students.
- The expenditure of experts visit from United Kingdom-Delhi and Delhi-United Kingdom will be borne by respective University.
- In addition to the degree programs which are 3-4 Years there may be courses which are of small duration. Explore the possibility.
- Certificate/ diploma courses from foreign University, in which students will be interested. For which conduct of the course would be done at IEC University. The foreign University should give credit transfer of such IEC programs in their University for top-up. To clarify.
