

## CONSULTANCY & TESTING RULES

IEC University will follow following rules for consultancy & Testing services provided by its faculty.

- There shall be a consultancy & Testing cell (**CTC**) in the University, which will keep a centralized record of all such services provided by the University.
- Each School will identify the services which can be offered by its departments, and will also fix the charges for them in consultation with the HODs.
- The CTC will centrally notify to the prospective industry/ institutions/ organizations the availability of all such services/ facilities along with the rates/ charges.
- The consultancy & Testing work may also be accepted directly by the school/ individual faculty, but an intimation to the same will be given to CTC.
- There shall be a Principal Investigator for every consultancy & Testing work to be identified by the Director/ Principal of the School.
- All charges/ money paid for consultancy & Testing work will be deposited centrally in the accounts office of the University and will be distributed from there itself.
- All the expenditure (travel, contingency etc.) related to the consultancy & Testing work shall be first deducted from money and the balance amount shall be distributed as indicated below :

Distribution of Money	% Share when University facility (such as computer center, Lab ) are used	% Share when University facility (such as computer center, Lab ) are not used
Share of the University	50%	25%
Share of Faculty & PI	35%	60%
Share of Technical/ Support staff including Accounts staff	15%	15%

- The maximum total amount which can be paid to any individual from consultancy & Testing work in a Calendar year will be limited to an amount equivalent to average salary of six months in that calendar year.
